Note: The figures are based on a quota sampling procedure conducted among German-speakers above the age of 14 in the Federal Republic of Germany. Every year more than 20,000 persons (2020: about 23,200) living in private households in Germany are polled at their main place of residence. The poll uses face-to-face oral interviews.

¹ Wording of the question: 'Classical music festivals, e.g. Salzburg or Bayreuth'.
